DETAILED ACTION

Response to Amendment

Applicant's arguments filed 10/3/03 have been fully considered but they are not persuasive.

- I. Duplicity argument regarding claims 55 and 57 will be maintained for reasons on record and reasons as follows. It is improper for a product claim to depend from a process / method claim. A method / process claim is not further limited by a product claim.
- II. Rejection of claims 59,60 under 35 USC 112, 2nd paragraph will be maintained. Applicant has amended claims to recite "applying a composition to situs of said crops,".
- III. Rejection of claims 28-31,35,40,42,45,46,51,55-57 under 35 USC 102(b) as being anticipated by Hedstrand will be maintained for reasons on record and reasons as follow. Applicant argues that Examiner failed to understand the pesticide releasing property of the composition of the instant invention. Applicant argues that Zhang does not teach that Copper and Manganese are plant growth regulators. Examiner argues that claims do not address the pesticide releasing property of the composition. Examiner maintains that Zhang teaches that Copper and Manganese are plant growth regulators.
- IV. Rejection of claims 32,33,36-39,47,52,53 under 35 USC 103(a) as being obvious over Hedstrand will be maintained for reason on record.

V. Claims 41,44,48-50,54,58-60 are objected to and claims 61 and 62 are allowable for reasons on record.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
